The reproduction, modification, distribution, republication, display or performance of the Content on this website is strictly prohibited.

**This file is for personal or classroom use only. It is not for commercial use. By using it, you agree that you will not copy or reproduce this file except for your own personal, non-commercial use.**

## Questions?

If you are unclear about our Terms of Use, we're happy to help! Please email us at [info@ FunEarlyLearning.com](mailto:info@FunEarlyLearning.com) and ask before making a purchase or downloading if your intended use is not covered by what is written here. We'll do our best to respond promptly. 😊

# Thanksgiving Pom Pom Counting

## About:

Thank you so much for downloading this product! We hope it will be a great resource for you and that you will love it as much as we do! Please don't hesitate to contact us if you have any questions or concerns. We're here to help in any way we can.

Our Letter Sound Find & Match activity helps children develop their fine motor skills, independence, attention-span, self-confidence, problem solving and early literacy skills. It corresponds to Common Core Standards RF.K.1.D and RF.K.3.A as children identify and name upper- and lowercase letters, use letter-sound knowledge, and identify beginning sounds.

## Prep:

**Step 1:** Print pages 4-10 in color or pages 11-17 in black and white.

**Step 2:** Laminate with 5 mil laminating pouches for durability or place in page protectors.

**Step 3:** Grab [white and colored pom poms](#) and child [tweezers](#). Enjoy!

## Directions:

**Step 1:** Place the pie or turkey mat you'd like to complete on the table.

### Step 2:

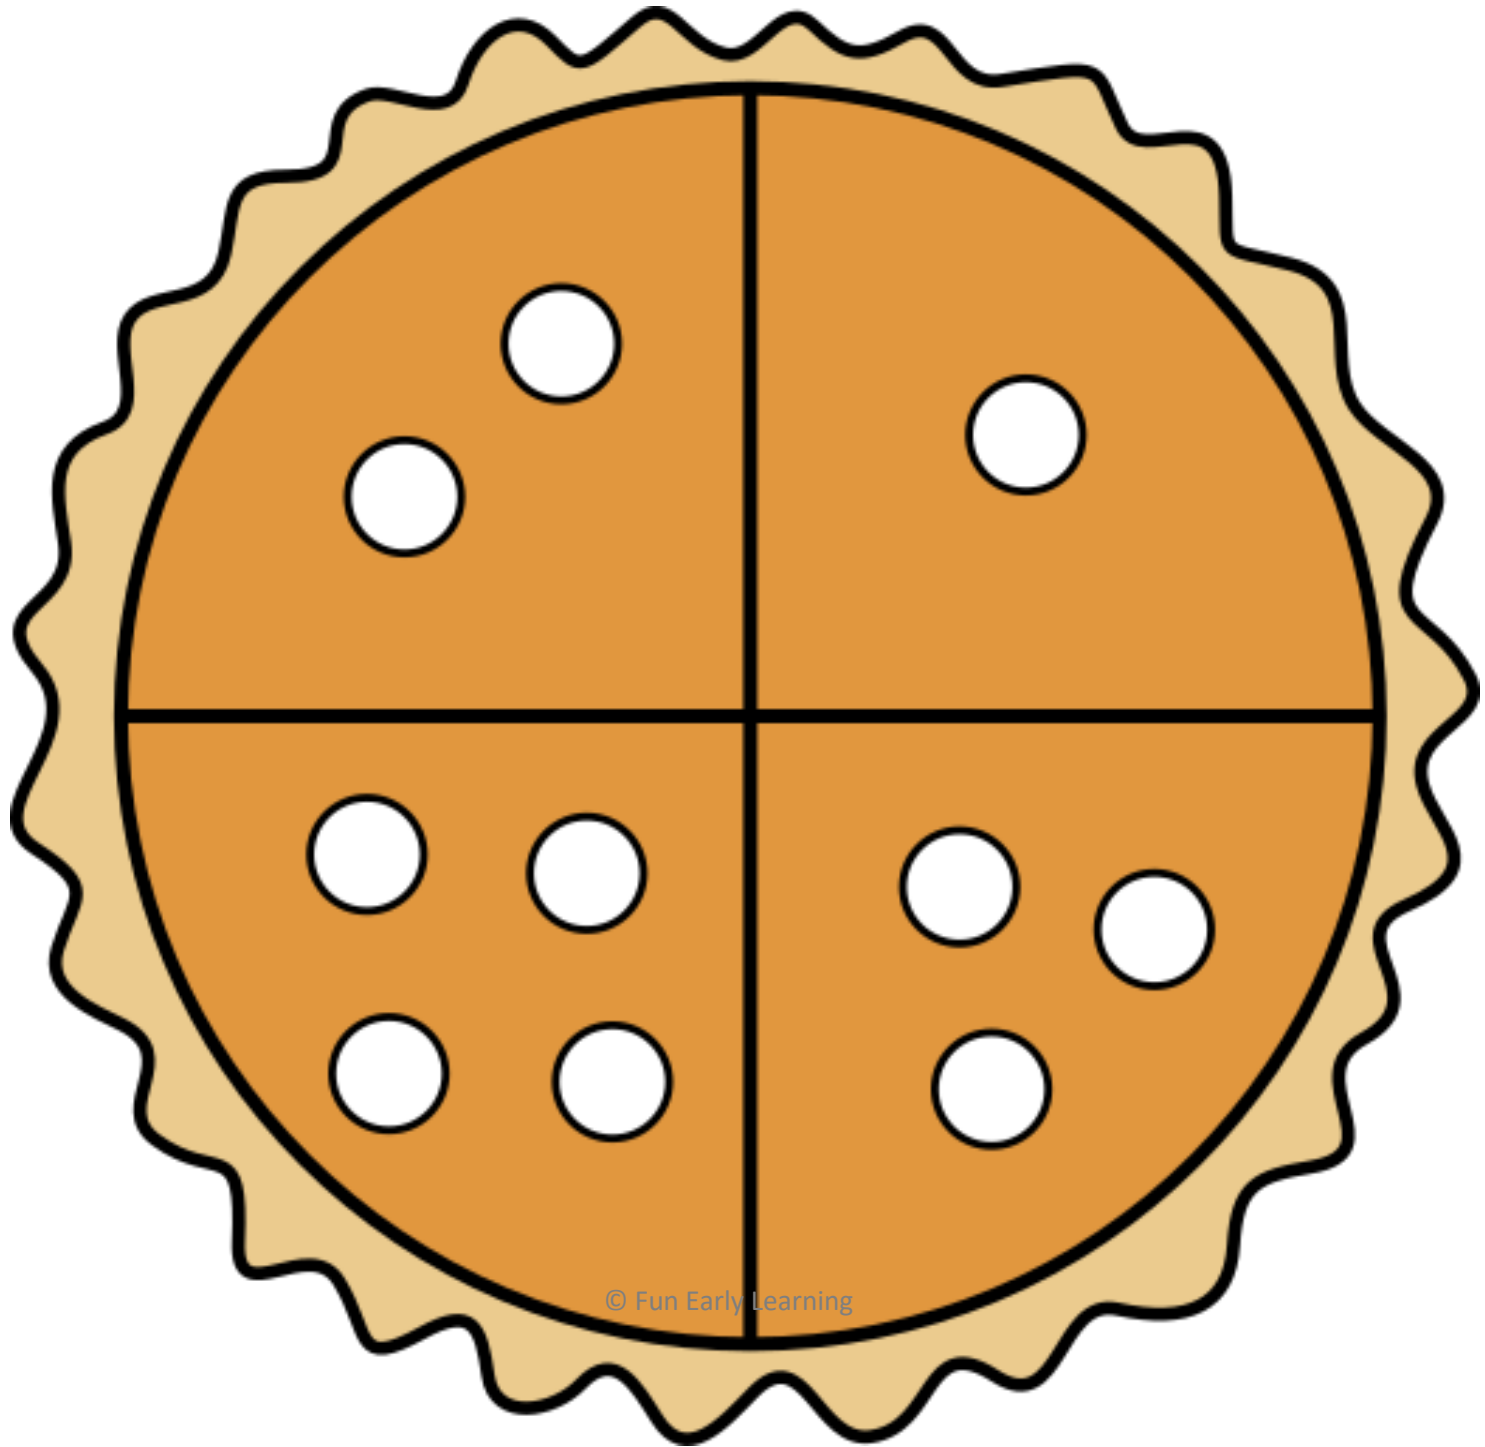

**Pumpkin Pie Mats:** Count the number of circles on each pie piece. Use tweezers to pick up white pom poms and place them in the circles like whipped cream (or you could use colored pom poms).

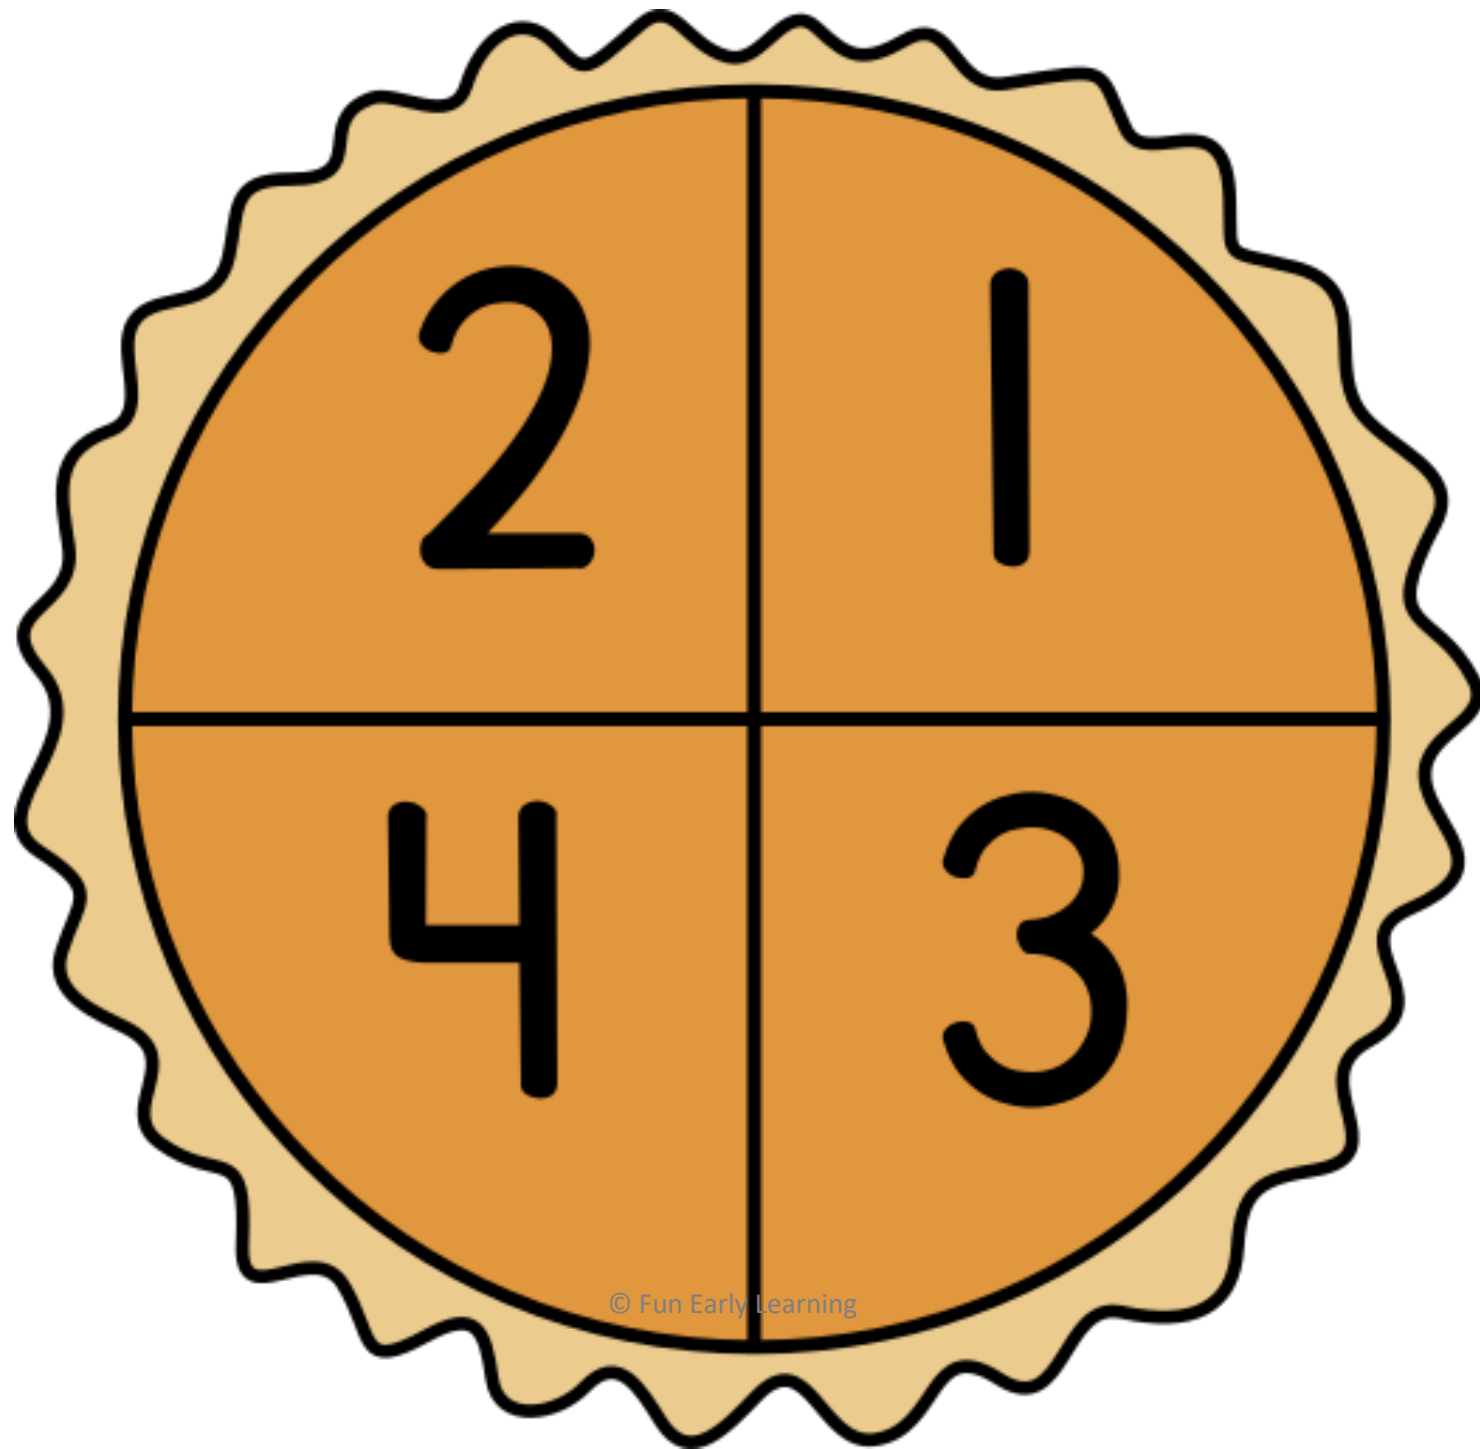

**Pumpkin Number Mats:** Read the number on the pie piece and place the same number of pom poms on the slice using tweezers.

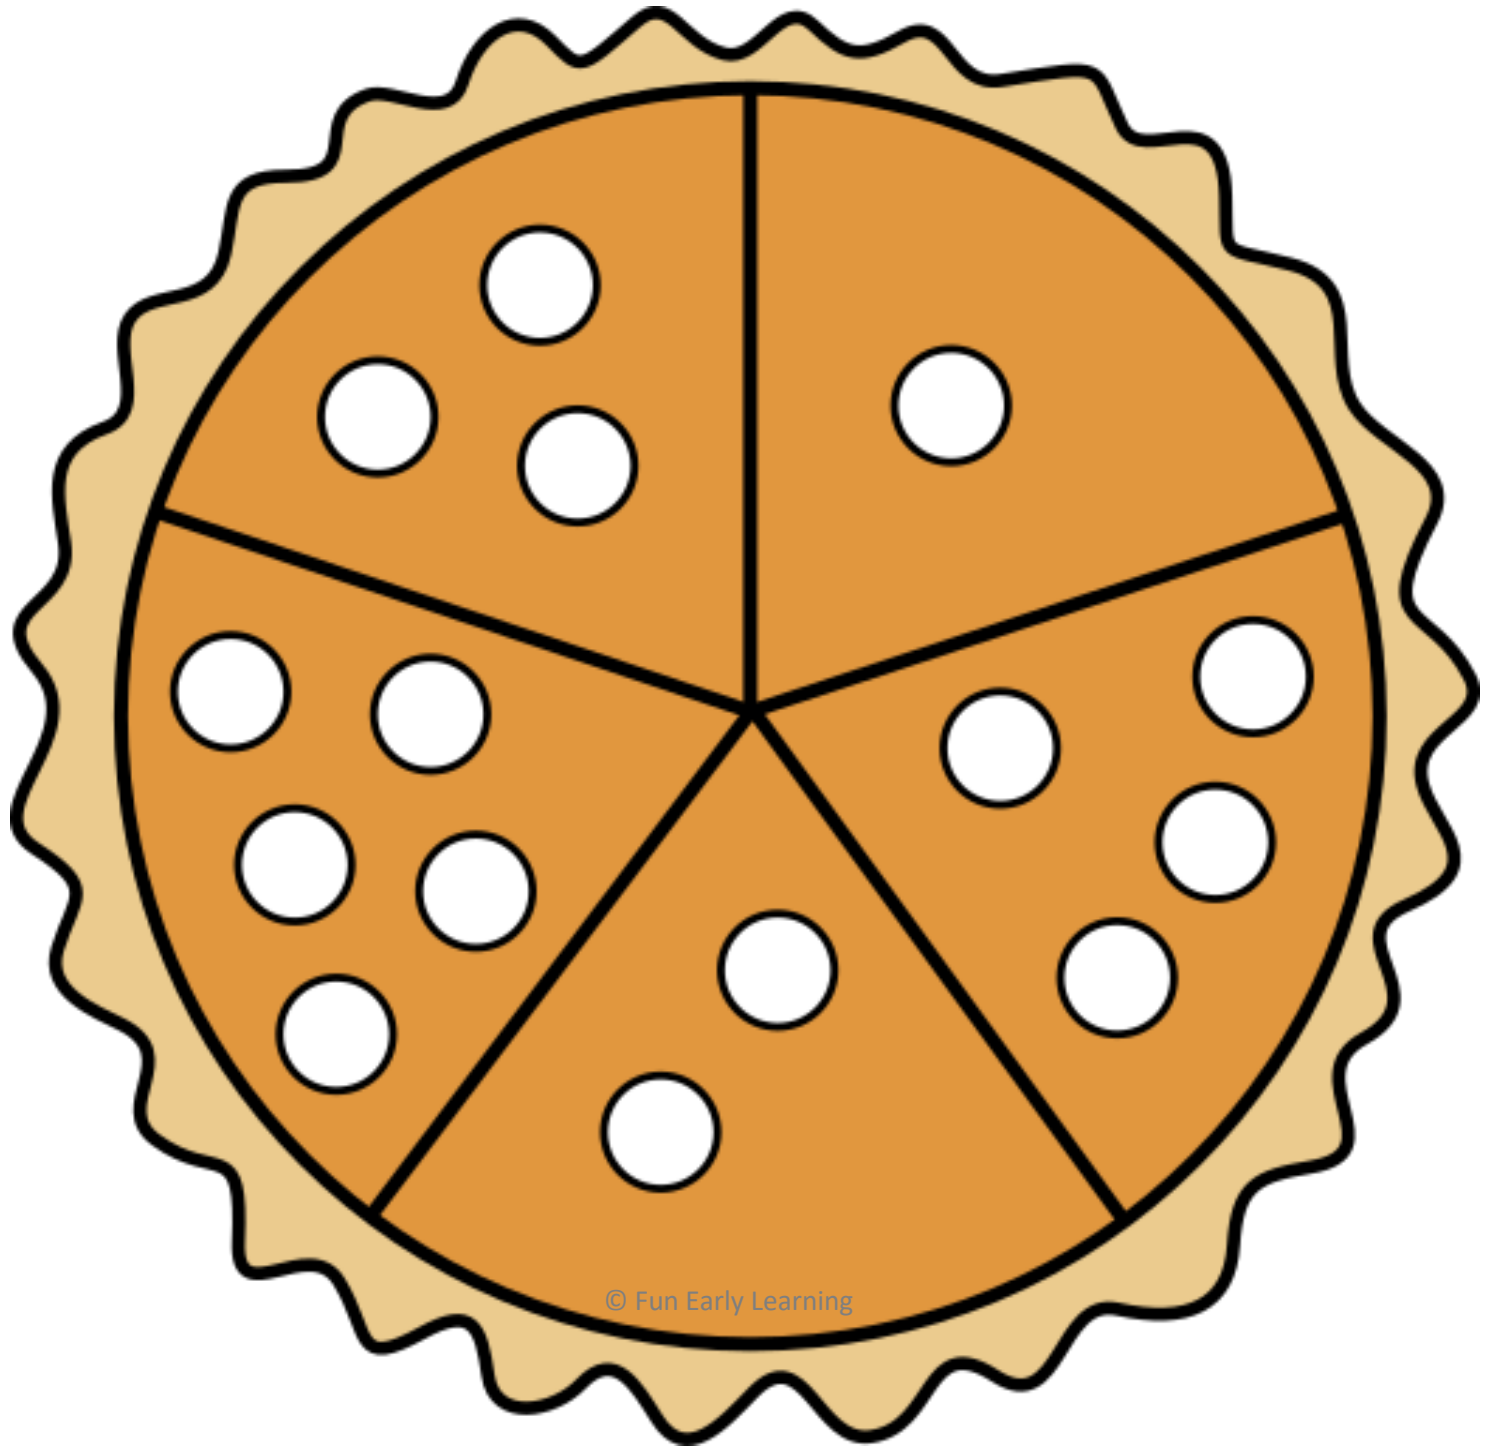

**Turkey Number Mat:** Count the number of circles on the feathers. Match the color pom pom to the feathers. If the feather is blue, match blue pom poms in the circles.

**Check out our website for more freebies, ideas and teaching tips!**
